 - o <https://theinfinitemonkeytheorem.com>

Suggested Route Descriptions

East Side Ride – “This ride visits some of the best bars in Austin and is our most popular tour by far. Enjoy the lively atmosphere of East 6th Street as you cruise around in style on our luxurious peddler. We offer our guests these venues in a two-hour tour that will visit three stops of your choice. We also offer an extended three-hour tour that will visit four stops of your choice. Please verify the daily opening times of each venue you’d like to visit prior to booking.”

Craft Beer Tour- “This tour visits some of the best breweries East Austin has to offer. Enjoy flights of unique brews sure to excite your palate and spirit. Many breweries feature swag for purchase, and for our sour beer lovers - we’ve arranged a special extended Craft Beer Tour available upon request that features an intimate guided look at what goes into making your favorite craft beers. Please contact us for more information, availability and pricing on our behind-the-scenes tours.”

Holly Hangouts! – “This ride specializes in catering to guests who prefer to relax and soak in the hip vibes of East Austin. The venues on this tour are best suited for groups who enjoy a refreshing cocktail in a soothing atmosphere, from cantinas to poolside retreats and spacious patios. The Holly Hangouts tour has something for everyone. Please verify the daily opening times of each venue you’d like to visit prior to booking.”

East Cider Beer and Winery Tour – “This three-hour tour visits three of some of the most uniquely popular venues Austin has to offer. Rumor is that it was designed by our guests’ request – there were so many inquiries to visit the EastCider’s Collaboratory, we knew we’d need to stop by at some time. Now’s your chance to enjoy some world-famous cider while pedaling around the town. Also, our friends over at Infinite Monkey Theorem offer a behind-the-scenes wine tasting and tour. Please contact us for more information, availability and pricing for this exciting addition to an already amazing experience.”
